

Pupil Premium

At Cranwell Primary School, we want all of our children to achieve their potential. We do this by providing access to high quality teaching and learning, supplemented by interventions to support vulnerable learners as and when required.

Free School Meals (FSM)/Looked After Child (LAC) Pupil Premium

The FSM Pupil Premium is allocated to schools to work with pupils who have been registered for Free School Meals at any point in the last six years. Schools are free to spend the Pupil Premium as they see fit. However they will be held accountable for how they have used the additional funding to support pupils from low-income families. In 2019-20 the school will receive:

- £1,320 per pupil entitled to FSM
- £2,300 per pupil for looked-after children (LAC) and Post-LAC children

Our school uses the Pupil Premium funding to support children entitled to Free School Meals in the following ways:

- ✓ support the costs of Teaching Assistants to provide further support to pupils to overcome any barriers to learning
- ✓ provide dedicated support and enrichment with possible intervention tuition programmes (small group and one-to-one tuition in Maths and English) for those children on Free School Meals to accelerate their learning in order to reach their full potential
- ✓ specialist support through the SEND Department
- ✓ ensure that the children who qualify for free school meals have their needs clearly identified and their progress closely monitored through school
- ✓ to purchase relevant resources that promote learning

Success in relation to this is measured by these pupils making at least expected progress and removing any attainment gap between them and their peers.

Service Premium

What is the aim or purpose of the Premium for service children?

A premium has also been introduced for children whose parents are currently serving in the armed forces. This service premium is designed to address the additional needs relating to service children's emotional and social well-being, and the effects of separation from a serving parent deployed on operations. In the past, support often had to be accommodated from within their existing budgets. Schools will be able to use the Service Premium to fund this support, if they feel that is appropriate.

Our school has received £300 per service child, and uses the Service Premium funding in the following ways:

- ✓ Pastoral care, support & guidance provided by a SENCO Teaching Assistant

- ✓ SENCO and Service School's Coordinators time to oversee the pastoral, care and well-being to all service children affected by mobility and deployment.
- ✓ Intervention Groups to accelerate the progress for any pupils falling behind as a result of posting, changes to education system or disruption within family life resulting from parents serving/deployed away from home.
- ✓ Bluey club to support children with parents who are long term deployed or separated during the week
- ✓ administrative support to deal with the high mobility of pupils

Impact

The use of Pupil Premium funding is effectively being utilised to maintain and improve rates of progress for identified children. The School remains focused on the intent that there is no gap between the disadvantaged pupils within this school.

The positive impact of the enrichment, intervention and resource spending has been measured.

Enrichment opportunities will benefit pupils in future years increasing their value and positive impact.

IMPACT

Cranwell Primary School

K.S.2 Results 2019 (based on 3 children)

Attainment	School	Pupil Premium Children	National
Average Scaled Score Maths	106.8	102.3
