

GEOMETRY (SHAPE) YEAR 3

Strand	What do I already know?	What am I going to be learning?	What will I learn in Year 4?
Drawing and constructing		draw 2-D shapes and make 3-D shapes using modelling materials; recognise 3-D shapes in different orientations and describe them	complete a simple symmetric figure with respect to a specific line of symmetry
Angles		recognise angles as a property of shape or a description of a turn identify right angles, recognise that two right angles make a half-turn, three make three quarters of a turn and four a complete turn; identify whether angles are greater than or less than a right angle identify horizontal and vertical lines and pairs of perpendicular and parallel lines	identify acute and obtuse angles and compare and order angles up to two right angles by size
Vocabulary	Square, rectangle, triangle, circle etc, angle, turn, right angle, half, quarter, three quarter turn, horizontal, vertical, parallel, perpendicular.
