Objectives	Topic-What were the different periods in the Stone Age?	Science-To name and compare rocks	Science-To understand the process of fossilisation	Art /DT	P.E. – Yoga
Core/ Non- core subjects	The Stone Age is usually split into three different periods. Complete the quiz to find out what you already know then watch the video and complete the activities as you go along. Finally, test your learning from the video with the final quiz.	Find six different rocks, either on your garden or when you next go on a walk. Can you draw and colour them on the sheet named 'rocks'? Challenge: Do you know the name of each rock?	Read the information about fossils and then answer the questions in full sentences in your homework book. The links below are videos to help explain the process of fossilisation.	Using any materials, you have readily available at home, design and make a stone age house. You may like to use materials found outdoors, e.g sticks, moss, grass or make a junk model with any recycling you have. Alternatively, if you are feeling really brave you could bake a cake or use biscuits to create the right shape.	One of our P.E topics is Yoga, so take some time to stretch and complete the yoga session on the link below.

				Watch the video below to learn about Stone age houses or see attached pictures of the different styles you could recreate.
