

Hello everyone!

Hope you are all well. I miss all of you and our learning journey in class. These are unusual times and life may seem a little different. However, it is also during times like these that we need to stay positive, creative and wear a smile. We are all in this together. Remember to think about those in the community who are doing everything possible to help us through these tricky times: doctors, carers, nurses, teachers, bus drivers, postman and postwoman, bin collectors, supermarket staff and so many others. A big thank you to all of them. You are playing a brilliant part too by listening to government advice and staying indoors. Well done. I truly am proud of you!

Meanwhile, I hope you are continuing to be curious little learners and exploring the home fun activities. Here are some more learning ideas for you to explore over the next couple of weeks. Have fun and keep helping your parents at home too. Until we meet again, take good care of yourself.

Mrs Hall x

Easter

Hope you've had a nice, safe Easter break at home!

Eggs-citing Fun Facts: Did you know...

1. The idea of Easter Bunny started in Germany.
2. The art of painting eggs originates from Ukraine.
3. The UK's first chocolate egg was produced in Bristol in 1873.

Can you find out 3 more fun facts about Easter?

PSHE: Living in the Wider World

There could not be a more appropriate time to think about how we are all inter-connected in this world. Since the start of COVID19, we have seen how the whole world has been affected and how we are coming together to help each other.

Can you make a poster about 'Special People in our Community'?

Draw the person/s and write a caption for them. What they do? Do they wear uniforms? How do they make a difference to the community?

Daily lessons on BBC Bitesize

Great news! Beginning Monday 20 April, BBC Bitesize will publish daily online lessons for all ages. Please log on and choose year 1 and year 2 topics to explore.

<https://www.bbc.co.uk/bitesize/levels/z3g4d2p>

KS1

Subjects

Key Stage 1 is a phase of primary education for pupils aged 5 to 7 in England, or 6 to 8 in Northern Ireland.

Part of **Learn & revise**

Daily lessons coming soon

Beginning Monday 20 April, BBC Bitesize will publish daily online lessons for all ages. We'll also have a new dedicated TV channel full of learning content, podcasts on BBC Sounds and loads of educational video on iPlayer.

Maths

For those of you wishing to complete some maths while you are at home, please visit

www.whiterosemaths.com.

Cranwell Primary School follow White Rose Maths planning and when you visit the website you'll see they have provided some activities for you to share at home.

If you click on Home Learning for Year 1 or Year 2, you will find useful resources, including a daily lesson and activity.

You can also continue to logon to Mathletics.

Have fun!

PSHE: Living in the Wider World

Discuss: How can we show kindness towards each other in our community?

What does being thoughtful mean? What does 'empathy' mean? What does consideration mean?

Can you remember how or when you have shown kindness to others? Talk about it. How can you be considerate at home or in school? Discuss.

Literacy

Education City (log in information is in your red communication book)
There are fun interactive games for you to try here. If possible, I'd like you to attempt the English section.
Year 1-please attempt phonics and key words
Year 2- Please attempt grammar sections& key words.
You can find year 1 and year 2 key words' list in your reading record.
Twinkl also has colourful lists of key words that you can use.

Twinkl.co.uk

Twinkl is also offering free access to all during this school closure. Please attempt the SPAG summer term 1 activity for year 1/year 2.
